

EDMONTON TO HALIFAX VIA G. T. P. BY NEXT YEAR

Ottawa, Aug. 12.—The Transcontinental railway from Lewis to Moncton, will be open for traffic in the spring of next year, according to reports received at the offices of the Commission here. The completion of this section will put into operation one of the most important links of the whole line. Arrangements are already being made in a preliminary way for car ferries across the St. Lawrence pending the construction of the Quebec bridge.

From Quebec to a point, 95 miles west, the line is almost completed now, but from the latter point to Lake Superior Junction, it will not be done for two years. On this interior section the work has been held until supplies and a plant could be taken in from the other end by rail. The distance as well as the character of the country made it practically impossible to haul in a construction plant. The section from Lake Superior Junction to Winnipeg will be ready for regular operation this fall.

CONSTABLE LET PRISONER AWAY

County Officers Captured Pickpocket, But Local Constable Allowed Him to Go

St. Catharines, Ont., Aug. 12.—Several complaints have been made of robberies and pocket picking at Grimsby, Beach, and constables Swaze and Austin, who were on watch, arrested a pickpocket giving the name of Jack Hayes. He was taken to Municipal Wylie's office, where a search revealed goods and money.

C. M. B. A. DECIDES TO BAR HOTELMEN

Any Gaining Livelihood From Sale of Liquors Cannot Be a Member

Ottawa, Ont., Aug. 12.—At last night's meeting of the C. M. B. A., which extended to the early morning hours, the constitution was so amended as to prevent anyone who gains a livelihood directly from the sale of liquors from becoming members. This covers bar tenders and hotel keepers but not laboring men who work around hotels or breweries in a capacity other than selling liquors. There was a considerable debate before the change was made, an argument being put in for pickpockets who do not drink, but the advocates of the reform carried the day. It was decided to have the age limit at fifty years, the proposition to change it to 45 years being withdrawn.

Yesterday's Session
Ottawa, Aug. 12.—The second day of the C. M. B. A. convention was ushered in with great enthusiasm. The reports of the grand president and grand secretary were unanimously adopted. The auditor's report was also reported and adopted. Since the last convention statement, June 30, 1907, the surplus of the association has increased from \$20,407.43 to \$23,543.66. This is equal to an increase of 15 per cent.

Present balance in the hands of the grand treasurer is \$310,756.77. The reserve fund amounts to \$324,794.91. The amount of the beneficiary fund, less liabilities, is now \$18,334.06. The general fund is \$22,829. With that of the sick benefit fund amounting to \$6,268.10, the total grand surplus is \$328,799.85.

The grand president's report, which has been adopted, shows the total membership to be 22,252.

"GIVE US DIVORCE" IN LETTERS OF RED

Vienna, Aug. 12.—The words "Give us divorce" were printed in eighteen inch letters across the sidewalk of Parliament House the other morning. The phrase had been affixed during the night with singularly adhesive red paint. An elderly woman and her son are charged with the crime, and express the demand for universal divorce. It was in Austria. In this country, Catholics are excluded from the privileges of re-marriage after divorce, and there is here a "society of people divorced but unable to re-marry" containing many thousand names.

In Hungary divorced Catholics may re-marry, not a second marriage by an Austrian Catholic solemnized in Hungary is not valid in this part of the double monarchy.

SHOULD BE A CIVIL ACTION.

Police Do Not Think William Parks for Horse-Stealing Which was to have taken place to-day will be adjourned on account of a difficulty in connection with the summoning of the witnesses.

In the meantime Mrs. Parks is trying to hold her husband on. The police require \$500 in two sureties of \$250 each.

"Parks' case," said Inspector Worsley, this morning, "should really be a civil action, as there has been no stealing that I can see. Brown and Parks bought the horse together, but did not pay for it, giving him notes instead. Parks afterwards sold the horse and it is his partner, Brown, who initiated the proceedings against him to recover the money."

CONSERVATIVE CAUCUS

Will Meet Here Soon to Try to Elect A Party Leader For Alberta

A conservative caucus is to be held in Edmonton during exhibition week, and arrangements are under way for the event. It is understood that the caucus is being held for the purpose of continuing the discussion on the election of a party leader. It will be remembered that a convention was held in Calgary some time ago for the same purpose, and that it was adjourned to meet in Edmonton. Just what day it will be held is not yet known.

WON'T ALLOW ROME TO MIX IN POLITICS

Reported King Alfonso Told Premier of France the Above Statement

Reception Postponed

Rome, Aug. 12.—Cardinal Merry del Val did not hold the customary Friday reception to diplomats this week and the omission is regarded as significant. To be sure the postponement of these receptions are frequent during the summer months, but in view of the situation with Spain it would appear that the papal secretary had deliberately delayed another meeting with Marquis De Gonzalez, counsel of the Spanish embassy at the Vatican, rather than to have afforded the Marquis an opportunity to show his friendliness as he did last Tuesday when he attended his mass, celebrated in honor of the anniversary of the coronation of Pius X. That the counsellor would have attended the reception today was a matter sufficiently in doubt to excite keen interest. Cardinal Merry del Val came to Rome last night to participate in the work of one of the congregations, but later returned to his villa on Monte Mario, having notified the diplomats that today's reception would be abandoned.

Denies Report
Paris, Aug. 12.—"Les Nouvelles" today says that it is authorized to deny the statement of the Madrid "Epoca" that Premier Briand's visit to King Alfonso against a rupture with Rome and blamed the severance of diplomatic relations between France and the Holy See to the clumsiness of the Vatican. The paper says further that during an interview with Premier Briand the King talked frankly about the situation and told the French statesman in energetic terms that he did not propose to obey the injunctions of the Vatican, to tolerate the threats of Pius X. or to allow the Vatican to mix with politics.

Earth, Aug. 12.—The Temps reports under a reserve statement in the "Epoca" to the effect that Premier Briand of France, is said to have advised King Alfonso against breaking with Rome. He is quoted as saying: "We should shut him off from the Vatican, the Papal Nuncio would still be in France and the Ambassador of France in Rome."

BANFF AND LAGGAN ARE ATTRACTIVE

Not New to Some, But Methodist Conference Delegates Are Fascinated

Laggan, Aug. 12.—Banff and Laggan have proved a strong attraction to the general conference delegates. Scores of delegates and their friends from all parts of Canada have been spending a day in each place and reveling in the varied scenery in the great national parks. Some go for good drives, some climb to dizzy mountain heights to survey the far extending peaks and some enjoy the baths at the sulphur springs. The difficulty is in finding words to describe "The half has not been told," is the common expression. A special Pullman car from Toronto was laid over at each place.

THE CROPS ARE ALL GOOD

Leduc and Millet Visited by Messrs. Fisher and Blue on Tour of Inspection

Secretary Fisher of the Board of Trade, and Mr. John Blue, government librarian and statistician, have returned from Millet and Leduc where they spent yesterday in a survey of crop conditions. Mr. Fisher states that the country is in fine shape, and that there are some magnificent fields of wheat and oats. In that district, he says, wheat will probably have an average yield of 20 bushels per acre, while oats will average forty. There is also an abundance of hay. The farmers in that district are also carrying on a lot of dairying as they find it highly profitable.

Send Samples to Winnipeg
Mr. J. J. Moore of the immigration office, has during the last two or three days, travelled through the districts in the vicinity of Sturgeon Lake, and also in the neighborhood of Stony Plain and Spruce Grove, he says that the crops are looking splendid. In the Sturgeon Lake district there is plenty of oats and barley. In the vicinity of Stony Plain and Spruce Grove, he says that the binders are now in full swing, he brought back with him four samples of wheat and oats, which he secured near Stoney Plain. The sample of oats stands about five feet seven inches, while a sample of wheat is about five feet in height. Mr. Moore is making a trip to the West today in order to get 100 sheaves of wheat and the same number of oats, which are to be sent to Winnipeg for advertising purposes.

MOUNT MCKINLEY PARTY IN SEATTLE

New York Herald and Portland Oregonian Expedition Returns—Believe Cook Was There

Seattle, August 12.—C. E. Rusk, H. H. Roje, A. E. Cool, and J. Kibbey all of the New York Herald and Portland Oregonian party, which attempted the ascent of Mount McKinley, returned to Seattle last night on the steamer Rest. The mission failed, Mr. Rusk said, because the party was insufficiently provisioned. The Rusk party ascended to a height of 7,500 feet, and on July 12 left the Parker and Brown party well equipped for the ascent. In good spirits, Mr. Rusk says he believes they will reach the top.

"We quote Suck Cook Was There. We took the route followed by Dr. Cook on the east side of the mountain to Ruth Glacier. On the route we saw abandoned camps and much of the scenery pictured in Dr. Cook's book."

GREATEST CARE TO KEEP OUT CHOLERA

Germany Has Sent One Hundred and Fifty Medical Inspectors to Russian Frontier

Berlin, Aug. 12.—The health authorities are taking extraordinary precautions against the importation of cholera from Russia. One hundred and forty medical inspectors have been sent to reinforce the usual health inspectors on the Russian frontier. All barges, rafts and timber coming down the Vistula river are being closely examined. Extra precautions are being taken in regard to the immigrants and agricultural laborers who want to cross the frontier to assist in harvesting. The government feels that the safety not only of Germany but the whole of Eastern and Southern Europe is dependent on their vigilance on the frontier.

Exhibition Association Offers a Prize for the Best Suggestion

IS AMUSEMENT STREET

But That Isn't the Kind of Name That Makes Your Imagination Work

Suggest a name for the Amusement Street at the coming exhibition and win a season ticket to the fair and another to the A. G. Barnes show. This morning the Barnes representative and Mr. Harrison of the exhibition association declined to offer the prizes for the best name for the amusement street.

Suggestions must reach the secretary of the Exhibition Association, McDougall Court, not later than the morning mail on Monday, August 21. The judges without fear or favor in this competition will be representatives of the three Edmonton daily newspapers.

The terms "Midway," the "Piazza" and such names are old, and worn out. Can anybody think of something brand new?

Mr. Harrison, Manager of the Edmonton Exhibition is back in town from Saskatoon, where he was looking after exhibition matters. From Saskatoon alone there will be 110 entries by horse owners. The Barnes Circus is now at Saskatoon, and Mr. Harrison took the opportunity of passing on his way to the city. He is an exceedingly good one, and is sure to prove a great attraction during the fair week.

Speaking of the exhibition, Mr. Harrison said, "I feel sure that this year we are going to have the best fair and the largest crowd ever seen in Edmonton."

DECISION OF THE DEPT. STILL GOOD

Makes no Difference to Attorney-General's Department What Police Do

ACT ON OWN INITIATIVE

Police Will Make Only a Test Case If Fight Pictures Are Shown

The decision of the Attorney-General in connection with the production of the moving pictures of the Jeffries-Johnson fight, which the police could be prevented, will stand as far as the department is concerned. That was the statement made to the Capital this morning by Mr. A. Y. Blain, deputy attorney-general.

Mr. Blain was asked if the mounted police had any right to threaten production of those who attempted to produce the pictures, after the department had decided that it could not interfere, and that there was no statute under which they could prevent the showing of the films.

Mr. Blain replied that the mounted police could prosecute anybody they wished whom they thought was doing anything contrary to law. He stated, however, that if prosecutions were made, the department would be connected with them, but would not be responsible for them.

VERY ILL LAST NIGHT

Family Was Summoned From Wabumun, But Fortunately Fears Were Not Realized

Mr. H. W. McKenney, M.P.P. for Pembina, who has been seriously ill, has passed the crisis and is now on the road to health again.

Mr. McKenney had been suffering from dysentery and the efforts of his doctors seemed to be unavailing. Early this morning, however, a change took place and shortly afterwards, it was announced that the crisis stage had been passed and that the patient was getting better. Yesterday his family, who were spending the summer at Wabumun Lake, came back to town in haste, fearing the worst, as hope had practically been given up by the doctors.

RAIL MAGNATES AT PORT ARTHUR

C. M. Hays, President of G.T.P., Heads a Distinguished Party of Visitors

ENTERTAINED BY CITY

Port Arthur Expects to Have Union Station and Docks—Now

Port Arthur, Aug. 12.—A distinguished party of railway magnates arrived in this city this morning from the steamer Hamonic from Sarnia. They are being entertained by the city previous to their departure this evening over the Grand Trunk Pacific for Winnipeg and the Pacific Coast.

In the party, which was met at Sarnia by Mayor Matthews and other representatives of Port Arthur, are: C. M. Hays, president of the G.T.P.; Alfred Smithers, chairman of the board of directors of the G. T. R., London, England; Sir George Doughty, former English M. P., and Lady Doughty; G. B. Hunter of the shipbuilding firm of Swan & Hunter, Wallsend, England; W. J. Sheppard, president of the Northern Navigation Company; R. H. Gildersleeve, general manager Northern Navigation Company; J. E. Dalrymple, traffic manager G. T. P.; J. W. Lound, freight traffic manager G. T. P.; Thornton Davidson, assistant of Mr. Hays and Mrs. Davidson, Mr. Hays and daughter, and others to the number of thirty.

The special train to take the party over the G. T. P. arrived this morning from the east on the C. P. R. It is expected that the visit of the G. T. P. officials and the conference here with the city and the C. P. R. officials will result in an arrangement making Port Arthur headquarters of all passenger traffic for the three lines at the head of the lakes.

The C. P. R., G. T. P. and G. T. P. have stations and docks in very convenient places close to the business centre and so well grouped as to form practically a union depot and docks, which with good harbor facilities will make quick handling of passengers possible.

The steamer Hamonic cut another fifteen minutes off her record for the crossing of Lake Superior on this trip, making it now fifteen hours and fifteen minutes.

REDUCING COBB'S CRANIUM

Jennings Brings His Star Down off His High Horse. Rejoins Team

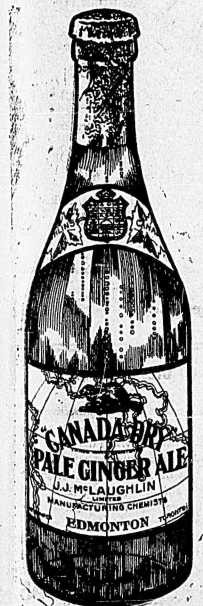

Detroit, Aug. 12.—Ty Cobb today felt the first touch of discipline he has experienced since Jennings took charge of the Tiger team. He was told when he appeared at park yesterday that the Tigers could get along without him, whereas many a Tiger checked, for Cobb is not popular with his team mates. He is too headstrong and overbearing. Particularly he does not get along with Davey Jones, McIntyre, Bush and one of two of the boxmen.

In Tuesday's game Jones missed a signal for a hit and run play and the affair went wrong. The players had some hot words over the matter after the game. Cobb did not appear in the park for the final game of the Boston series. He had informed one of the Red Sox that he wouldn't play with the Detroit again until Jones was taken out of the lineup. He may have hinted this to some Detroit players also. At any rate he got to the ears of Jennings.

Yesterday Cobb appeared at the club office and announced that he was ready to play again. He had thought better of his hot-headedness, he explained. President Navin referred him to Manager Jennings. Cobb did not hunt up Jennings, but went out to the park just before the time of play. Jennings sent word to the king of ball players that he need not bother to put on his uniform and that the Tigers could get along without him.

Today Cobb appeared in the line-up, and it was noticed that Davey Jones was also occupying his usual place. Cobb evidently had to crawl.

ESKIMOS ARE AT HOME TODAY

Play Lethbridge This Evening, Had Successful Trip Winning 11 Out of 17 Played

Deacon White and his Eskimos arrived home today and this evening meet the Lethbridge Miners at Diamond Park. Game called at 6.15.

The Eskimos have had quite an extended road trip, leaving Edmonton on July 23, and during their absence, visiting Regina on two different occasions, Moose Jaw, Brandon, and Winnipeg. Seventeen games in all were played, of which eleven were wins, five losses, and one tie.

Edmonton's crack pitching staff, Dell, Dell and Hickey performed splendidly throughout the trip, considering the fact that with only three twirlers each team work at least twice a week. Hickey won 4 and lost 1. Dell won 4, lost 2 and was in one tie game, while Dellar won 3 and lost 2.

Cox and Mills had opportunities to show their pitching abilities during the disastrous Winnipeg series. Dell did probably the best work of the season when he defeated Regina twice in one day, and Slim also had a one hit game at Moose Jaw on his credit.

The Trip

Regina was the first port of call, and the Eskimos managed to take two games while the third was a draw. July 25—Edmonton 7; Regina 2. Hickey and Spencer.

July 26—Edmonton 7; Regina 5. Dellar and Spencer.

July 27—Edmonton 5; Regina 5. Dell and Spencer.

The next series at Moose Jaw was not quite so profitable, as the best Deacon's crew could do was two wins out of four.

July 28—Edmonton 6; Moose Jaw 4. Hickey and Spencer.

July 29—Edmonton 1; Moose Jaw 7. Dellar and Spencer.

July 30—Edmonton 2; Moose Jaw 6. Dell and Spencer.

July 31—Edmonton 7; Moose Jaw 14. Dell, Mills, Owen and Spencer.

Bill Morrow, Brandon, was our next host and there is no doubt that Willie was glad to see the last of the Eskimos as they made a clean sweep of the series.

Aug. 1—Edmonton 2; Brandon 0. Hickey and Spencer.

Aug. 2—Edmonton 3; Brandon 2. Dellar and Spencer.

Aug. 3—Edmonton 5; Brandon 2. Dell and Spencer.

At this stage of the trip the heart of the loyal Edmonton fans beat fast, as the Eskimos were right on the heels of Bill Carson's boys, only 11 points separating the two teams. However a surprise package was handed us by Rowland's new Maroons and the Eskimos were humbled to the extent of three straight.

August 4—Edmonton 1; Winnipeg 8. Hickey, Cox and Spencer.

August 5—Edmonton 6; Winnipeg 7. Dellar and Spencer.

August 6—Edmonton 3; Winnipeg 4. Dell and Spencer.

Unfortunately for Roxy Walters, Regina was the next stopping place of the Eskimos, and the infuriated team, with the Winnipeg defects running down second batter than quick eye dream of, batted for a tidy total of 292.

The stay at home will be very brief. In fact it will hardly be worth while for the players to unpack their grips. Three games are played, one today and two Saturday, then the Eskimos again hit the trail for Saskatoon, where the former 3rd Hatters are disguised as giddy head pickers. Only three games are played at Saskatoon, both team returning to Edmonton for a short series. Lethbridge then plays here, and the Eskimos then exit for their final series in Calgary, which promises to arouse more interest in these parts than a Jeffries-Johnson scrap and a series between Chicago and Philadelphia combined.

REGINA LIKES ESKIMO TEAM

Scrive Picks Four Edmonton Players on His All-Star Team, a New Catcher

The Regina Leader makes the following selection for the same all star team:

First base, Baxter, Edmonton second base, Walters, Regina shortstop, Morse, Edmonton; third base, Smith, Calgary, left field, Clynes, Calgary; center field, Luss, Edmonton; right field, Wilson, Saskatoon; catchers, Brooks, Moose Jaw, Davidson, Saskatoon; pitchers, Skeels, Regina, Collins, Winnipeg; Dellar, Edmonton; and Gaddy, Calgary; utility, Collins, Regina; manager, Calgary, Calgary.

The infield would sure be a classy one. There seems no question about putting Baxter and Smith on the two corners, while Morse is entitled to the short field job. Harper, of Saskatoon is a pretty fielder, but the Edmonton lad is about 150 pounds better as a batter. None of the second basemen who have appeared here have anything to brag of. The best of the season when he defeated Regina twice in one day, and Slim also had a one hit game at Moose Jaw on his credit.

Of the outfielders Clynes and Wilson are easily the class of the league, combining all the requirements of expert gardeners with ability to hit well above 300. Luss, with his iron arm and tendency to break up games with long wallops is the man for centre field.

Brooks, of Moose Jaw, is given first place as catcher. He has only lately come into the league, but I am told by different ball players he has all the other big hit artists; backed-off the boards. Davidson of Saskatoon is entitled the second consideration, although it is hard to pass up Stuh Spencer.

In regard to the pitchers, there is no better right-hander in the league than Skeels and Dellar and Collins are in his class, while Gaddy is the steadiest of the southpaws.

The versatile Bowery Collins is in a class by himself as a utility player, while Carney's success at Calgary entitles him to the role of manager.

Eskimos and Miners at Diamond Park this evening at 6.15. Hickey will pitch and Roxy Walters will probably be on second base.

CRICKET AT THE PORT

We are informed by the Edmonton Cricket Club that the match tomorrow will take place at 7:00. Saskatchewan vs. Edmonton, at 4:15 yesterday. The return game will take place here on Saturday, September 17th.

WALTERS AND HOUSTON, IN TOWN

Roxy Will Play Second Base While Houston Will Add Strength to Pitching Staff

Regina, Sask., Aug. 11.—Base ball is practically dead in Regina, and endeavor to form a company to take over the franchise did not materialize and the franchise was duly handed over to the league.

The team left Regina for Moose Jaw to play a series there. The debut club proved to have sufficient funds to carry the team to its destination and from now on the team must look to the league to see them through if they remain in the Western Canada Circuit.

The last act of Roxy Walters, who acted as manager, for the late club, was to release himself and pitching Houston, and the two have hiked to Edmonton where they will link their fortunes with the Eskimos.

The Regina team, under which name until the league president decides otherwise, the team still travels, left here with Lether acting as special manager, while Gurney will fill the position of business manager until such time as President Ekstrom makes other arrangements. The feeling locally is that it is no use continuing the uphill fight. The fans have ceased to support the team and every day saw the club getting deeper and deeper in the hole and the finishing touch was given by the disastrous home stretch just concluded.

RACES AT SASKATOON

Saskatoon, Aug. 12.—The big features of yesterday were the races and the live stock parade, which according to competent judges, was one of the finest ever seen in the west. The stock was brought to the track before the stands and it covered nearly the half mile from beginning to end. The big race today was the free for all, and as on the previous day, a fraction of a second was clipped from the track record. A \$1,000 SPARKLER

Bill Burns, of Cincinnati, Plays Ball Because He Likes Game, Is Wealthy

Bill Burns, the former Washington and Chicago American player, now with Cincinnati, is one of the most eccentric men on the diamond. One of the queer things he does is to read magazines between the innings, which he claims, is good for him, as it keeps his mind off the game and keeps him from getting excited like many of his fellow players. Burns also wears his \$1,000 piece of "ice" on his finger all the time. He says it isn't because he is afraid it will "melt" if he leaves it at the hotel or in the club-house, but just because he thinks it is lucky to have a diamond on a diamond get that? Don't wonder that Burns wears such a costly ring, for it is said, he is worth nearly a quarter of a million in tollars in Texas land and property, and only plays ball because he likes it.

THE FOOTBALL FINAL

The Calles "A" and "B" teams will meet on Second street grounds tonight to play off their final game for the City League championship. A much harder game is expected than was played on Wednesday night, as both teams will be at home on Second street. In this game the "Bees" intend to retrieve their lost position. It is probable that some changes will be made in the personnel of both teams. Whatever changes are made both teams will be strengthened. A large crowd of supporters is expected to turn out to witness the final of the championship games. Match starts at 7 o'clock. The "B" team will line-up as follows.
Orr, Roxborough, Irvine, Radermacher, Torrance, Hurndell, Murdoch, Regina, Allan, Conlin, Hope and Patterson.

Yesterday at Lincoln, Neb., Farthing pitched a no-hit, no-run game against Topeka. Only one man reached first and that on an error.

LADY FANS' CHOICE

An Edmonton fancie sends the following selection for an all-star team to The Capital: Spencer, c.; Dellar, Hickey and Dell, p.; Baxter, 1b.; White, 2b.; Morse, s.; Brennan, 3b.; Mills, lf.; Luss, cf.; Cox, r.f. There is nothing like being loyal.

WHAT A LOSS

Hans Wagner's Dog Goes Mad and Has to be Shot

Pittsburg, Aug. 12.—Prince, Han Wagner's famous bulldog, custodian of the famous German's automobile, is dead, having been killed by a Carnegie policeman last night after he had gone mad. Shortly after Wagner left for the East with the Pittsburg ball team, the dog, which had not been well, got worse and on Thursday morning on Mary street he ran about snapping at children. When no child was bitten several were badly hurt escaping from the dog. Wagner had refused \$500 for his dog.

CALGARY WON PRIZES

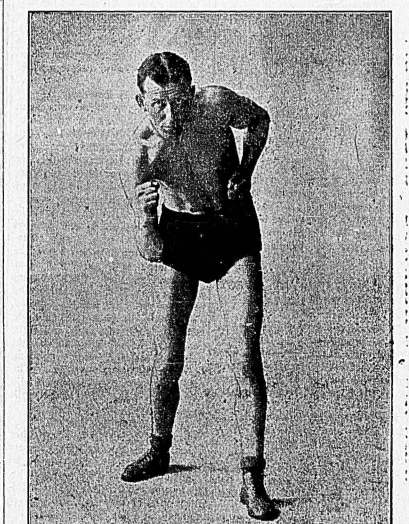

The Calgary players won the special feature at the exhibition benefit match played in Moose Jaw on Monday. In the contest running to first base, Smith won first, doing the distance in 3.1-10. Flanagan, Manning, Paddock, Hartman and Bell were tied for second place, but in the run off which was 50 yards straight away, Flanagan won. Smith won \$5.00 and Flanagan \$2.50.

Smith won out in the race round the bases, doing the distance in 14.3-5, winning \$7.50, Hartman of Moose Jaw was second.

In the long distance throw Clynes, with a 130 yards' throw, was first, and Crocker of Moose Jaw, six inches shorter, was second. In the long hit, Starkell, the Moose Jaw pitcher, was first.

There will be a great game this afternoon at Big Island when the Mayor Plumbers of Edmonton hook up with their colleagues from Calgary.

DELAY CRIPPEN PAPERS A MONTH?

Stated That Extradition Papers May Not Be Issued for Some Time Yet

Quebec, Aug. 12.—It was stated by an official here today that the extradition papers for Dr. Crispin and Miss Leneve might not be issued for another month, but he expected that the papers could not be taken from the jail before that time. After the papers had been issued the police would take the prisoners back to England at their earliest convenience.

Dew Remains Reicent

Inspector Dew had an interview with the deputy attorney general today and remarked that he had nothing for the press.

At the Quebec Jail today Governor Morin stated that the prisoners continued to be in good health. Their appetites are good and neither showed any signs of worry. They still continued to read light literature.

Asked if Miss Leneve's health gave any cause for anxiety the governor said that she had not been ill since she came to the jail.

Eager for Return to England

From another source it is learned that Miss Leneve is looking forward with considerable eagerness to her return to England. It is considered a good sign that she is showing considerable anxiety to get to England.

Although nobody outside of officials is allowed to see either of the prisoners, the public continues to show great interest in the case since Crispin and Miss Leneve have been confined there, the visitors granted permits to view the building number over 2,000.

PRIZE WINNERS AT "WESTWARD HO" COLLEGE.

The above school brought it years' work to a conclusion in June, when the examinations for promotion were held. The results given below are a sufficient indication of the progress which the boys have made during the year.

In the fifth form (the matriculation) the school sent up one boy R. J. Wilkins, who passed his examination for entrance to the University of Toronto with credit to himself and school. The examination was held under the auspices of the Alberts University, Strathcona.

The following masters formed the staff: W. H. Nightingale, B. A., Rev. R. Jefferson, B.A. (house master), C. B. Beck, and R. Carlie.

The attendance during the year has shown a marked increase and the difficulty foreshadowed in the Autumn will be the lack of accommodation for the boys who have applied for admission.

During the year the boys entered heartily into the various sports. In the summer they played with the Edmonton Cricket Club. The coach, E. P. Wood, was pleased with the progress made.

One important item in connection with the school is the keen interest taken by friends resident in the city and province. Most of the prizes won during the year have been presented by well-wishers.

The following is a list of the prize-winners:

General proficiency—First form (presented by E. C. Emery, Esq.): J. W. Howe.

Lower Second Form (presented by E. C. Slocock, Esq.): Howard Emery.

Upper Second Form (presented by H. D. Nixon, Esq.): Douglas Emery.

Third Form (presented by the school): Gordon C. Wilkins.

Scripture—Second Form (presented by E. C. Emery, Esq.): G. S. Kirkpatrick. Honorable mention: R. H. Barbes, C. R. Curry, J. McLeod, D. Emery, H. Auld.

Third Form (presented by Rev. R. Jefferson): H. Duncan Smith. Honorable mention: G. C. Wilkins, R. H. Boyce.

Mathematics—Lower Second Form (presented by headmaster): Howard Emery.

Upper Second Form (presented by H. D. Nixon, Esq.): Douglas Emery. Honorable mention: A. W. Linton.

Third Form (presented by the school): Gordon C. Wilkins. Honorable mention: H. Duncan Smith.

English and History—Lower Second Form (presented by H. D. Nixon, Esq.): A. H. Linton.

Howe, Esq.): M. H. McIntosh. Honorable mention: A. Channell, H. Emery.

Upper Second (presented by W. W. Howe, Esq.): G. S. Kirkpatrick. Honorable mention: Douglas Emery.

Third Form (presented by E. C. Emery, Esq.): R. H. Boyce. Honorable mention: Jack McLeod.

The prizes will be distributed when the school re-opens in September.

TEN PER CENT OF N.Y. GIRLS PRETTY

Hundreds of Them Gathered in Answer to a Theatrical Ad. of the Shuberts

"WANTED—so of the most beautiful women in the world; we will take them from the factory to the Four Hundred."

Such an advertisement from the two great rival show syndicates appeared in the New York, Boston, and Philadelphia papers last week. The Shuberts have several new shows they need pretty girls to fill, and at the New York Theatre, Louis Werba, and Mark Leuchter, the boy managers, who are putting out Harry Kelley in "Deacon Flood," voiced their desire likewise as above.

Did many heed this plea for pulchritude? Aye, many called, but few were chosen. All day Wednesday, all day Thursday and all day Friday, and half a day Saturday, they came, were looked over and sent away, all but ten per cent.

Nobody Deterred
The wording of the advertisement deterred no chamer. A glimpse of the groups as they came and went proved conclusively that no matter what their mirrors may tell them or their friends are told to say—every woman thinks she is to be included among the fifty handsome women of the world. But figures can't lie even when they are padded, and out of each hundred who thought themselves beautiful only ten found the beauty inspector to agree with them.

At the New York Theatre every morning at 11, squads and groups and bevy of girls and women gathered. Young girls, old girls, small girls, big girls, fat girls, thin girls, tall girls, and short girls. They all thought themselves beautiful, but in so thinking most were in a minority of one. The manager, the beauty inspectors did not think so, the other ladies applicants did not think so, either.

Gathered and Giggled
Happy the girl who brought her humor, happier the little trio or quartet who came together, and were all acquainted. They could gather in little groups and giggle at the more solitary ones, or turn up noses, snub or acquit, at other groups.

On the first day there were eighty-three applicants who desired to be included among the fifty handsome women in the world advertised for. Six were acceptable. The next day there were sixty applicants and seven were taken. And so it went.

The beauty judges at the New York Theatre were Messrs. Werba and Leuchter. Meanwhile the same scenes, with the same results, were being enacted in the Shubert offices. The beauty chooser here was Mr. McVellie Ellis. Although all types of beauty were considered, the preference was what is known in stage land as "chickens," i.e., "squabs" or "broilers." It is the little girl's day on the stage. Amazons are out, show girls on the wane.

WOMEN MAKE GOOD MOTOR CAR DRIVERS

Within the last five years women of this country have demonstrated that they can master the automobile in competent fashion. They are no longer timid about long tours or taking part in long endurance runs, and if the various racing associations permitted it they would even be taking chances in racing. Aside from the racing question they are as well equipped in knowledge of the mechanism of an automobile as many of the men, and it is no longer a curiosity to see a woman on some country road pumping a tire, timing valves, or fixing some part of an engine.

The women have realized that when they are familiar with the principles of construction, care, and operation of each part of their car, it not alone makes a wonderful difference in their pocketbooks, but they derive much pleasure in being able to operate their own machine.

They are careful drivers, whether in the city or on tour, as the accident calendar will show that about one per cent. of the women drivers have been brought to court and while some have been fined, yet the greater part of them have been discharged with a reprimand, not because they were women but because of their minor offences.

No wonder the woman dislike Fath-

R. T. Telford, M. L. A., Files Writ for Libel Against Calgary Herald

REFERS TO EDITORIAL

Newspaper Is Given Twenty Days to Appear and Answer to Charge

Calgary, Aug. 11.—The writ which was issued against the Calgary Herald Publishing Company by Robert Taylor Telford, M.L.A., for Libel, a few days ago, was received in the office of the supreme court at the court house yesterday. By the issuing of this writ the Herald Publishing Company is given twenty days in which to appear and meet a charge of libel. Mr. Telford's statement of claim against the Calgary Daily Herald is as follows:

The defendant company in an issue of their said newspaper the said Calgary Daily Herald, published on the 27th day of June last, in an editorial, article printed therein and headed "The Piper Wants His," published the following words, which related to and were intended by the defendant to relate to the plaintiff as explained in an article under date of June 6, 1910, published by the defendant, and set out in paragraph 5 thereof, that is to say "When the session" (meaning thereby the next ensuing session of the legislative assembly of Alberta) "opens, the supporters of the Government" (meaning thereby those certain members of the legislative assembly who had been elected to support the political party then in power, and particularly those who had expressed their faith in the integrity of the Government led by Premier Alexander Cameron Rutherford, of whom the plaintiff was one) "will make long speeches telling of the great benefits which have accrued to the province" (meaning thereby the province of Alberta) "by the expenditure of this money" (meaning thereby the moneys representing the half-yearly interest due on the bonds of that certain company known as the Alberta and Great Waterways Railway Company). "The gentleman from Lacombe will deliver another speech on bonds and the increased convictions of the honorable member from Ponoka" (meaning thereby the plaintiff) "will be reinforced by another \$500 if necessary" (meaning thereby that the plaintiff had committed a criminal offence, namely that he had accepted a bribe of \$500 to induce him to support the Government led by the said Alexander Cameron Rutherford, and that the plaintiff had been guilty of shameful and dishonorable acts in his office and position as member of the aforesaid legislative assembly, and is morally unfit to occupy and hold his said office as member of the said legislative assembly or to take part in the deliberations of that body) "all this to prove that everything is fine and dandy along the Waterways" (which is greatly to the plaintiff's damage).

By reason of this publication of the said words aforesaid and hereinbefore set out, the plaintiff has suffered damage to his character and reputation, and in his said office as member of the legislative assembly, in the sum of \$10,000.

LAURIER SPEAKS TO RED DEER PEOPLE

Rain Disturbed Open-Air Meeting and Crowd Had to Move to "Dime" Theatre

Red Deer, Alta., Aug. 12.—The open air meeting was disturbed by Jupiter Pluvius, heavy rain forcing Sir Wilfrid and party to retire to the Dime Theatre, where speech-making was resumed.

Premier Sir Wilfrid opened the proceedings, declaring that given population and transportation the Western people will work out their own salvation. Hon. Frank Oliver claimed credit for the government for a large share of the development and prosperity of the West. The results had not been achieved with the magician's wand, but by bringing to bear high ambition, common sense and attention to detail, and he characterized the Pre-

mier as the great optimist of Canada. Sir Wilfrid stated that he had been studying the addresses recently presented and he regretted one sentiment in them, an unfortunate tendency to create invidious differences between the farmers and the manufacturers as classes.

Tariff for Revenue

He declared that our fiscal policy is no protection for certain classes at the expense of others. We do not tax for protection, but for revenue, and it is not our policy to have continuous tinkering at the tariff, as it creates a state of uncertainty and discourages enterprise. "We had a revision in 1897 and in 1907," he said, "and in course of time will have another, which I hope and expect, will witness a further reduction of tariffs."

He repeated his willingness to negotiate a reciprocal treaty with the States on fair lines, but experience had taught the value of doing to others as they did to you, but do it first."

An Important Statement

Sir Wilfrid made an important

statement dealing with the request for aid to the chilled meat industry.

The market for Canadian cattle, he pointed out, owing to the tariff relations with the United States, was England. Two great exporters of dressed meat were Australia and New Zealand, and what they have done can be done by Canada.

If it were similar cold storage facilities to such as had been given the butter and cheese trade of Ontario, such an impetus, there is no reason why the meat trade of Western Canada cannot be similarly served. "I have written Hon. Mr. Fisher today," said the Premier, "telling him to appoint a commission if necessary."

COPYRIGHT, 1909, THE BOBBS-MERRILL COMPANY

It was not long before the sound of voices and of carriage wheels came around the corner of the house, for the reception was to be curtailed. One by one he heard the carriages roll down the gravelled driveway. A last chain of voices talking together—Harry could distinguish Hugh's voice now—and at length quiet told him the last of the guests were gone.

The east room was empty save for servants who were gathering some of the cut flowers for themselves. He stood aimlessly for a few moments looking about him. A white carnation lay at the foot of the dais, fallen from Jessica's shower bouquet. He picked this up, abstractedly smelled its perfume and drew the stem through his fingers. He heard voices in the library, and, opening the door, he entered.

In the room sat old David Stires in his wheel chair opposite his son. He was dead pale, and his fierce eyes blazed like fire in shadow. And what a figure! Not the indolently gay prodigal Harry that he had known in the past nor the flushed bridegroom of a half hour ago! It was a cowering, a hanging, Hugh, with a sinking dread in the face, a trembling of the hands, a tense expectation in the posture. The thin line across his brow was a livid pallor. His eyes lifted to Harry's for an instant then returned in a kind of fascination to a slip of paper on the desk, on which his father's frowning rested, like a nail transfixing an animate infamy.

"Sanderson," said the old man in a low, hoarse, unnatural voice, "come in and shut the door and get the light. We have married Jessica to a common thief!" Hugh, his son, my only child, whom I have forgiven beyond all reckoning, has forged my name to a draft for \$5,000!"

Chapter 5

OR a moment there was dead silence in the room. Harry's breath caught in his throat, and the old man's eyes again impaled the hapless son. Hugh thrust up his head with an attempt at defiance, but with futile apprehension in every muscle, for he could not solve the lock he saw on his father's face, and said: "You set us at it was a cool million."

"I'm no worse than a lot who have better luck than I. Suppose I did draw \$50 five thousand. I would give you ten for a wedding present. I had to have the money then, and you wouldn't have given it to me. You know that as well as I do. I was going to take it up myself, and you would never have been the wiser. His promised to hold it. It's a low trick for him to round on me like this. I'll pay him off for it some time. I don't see that it's anybody else's business but ours anyway," he continued, with a sly glance at Harry.

Harry had been staring at him, but with a vision turned curiously backward—a vision that seemed to see Hugh standing at a carpeted dais in a flower hung room, while his own voice said out of a lurid shadow, "With thou have this man to be thy wedded husband."

"Stay, Sanderson," said the old man; then turning to Hugh, "Who advanced you money on this and promised to hold it?"

"Dr. Moreau."

"He promised to hold it?"

"He got his margin," said Hugh solemnly.

"How much margin did he get?"

"A thousand."

"Where is the rest?" David Stires' voice was like a whip of steel.

Hugh hesitated a moment. He had said a few hundred in pocket, but he did not mention them.

"I need most of it. I—had a few debts."

"Debts of honor, I presume?"

Hugh's sensibility quivered at the sneering, grating irony of the inquiry.

"If you'd been more decent with spending money," he said with a flare of the old effrontery, "I'd have been all right! Ever since I came home you've kept me strapped. I was ashamed to stick up any more of my funds. And of course I couldn't borrow from Jessica!"

"Ashamed!" exclaimed the old man with harsh sternness. "You are without the decency of shame! If you were

"a man of feeling if you would not mention her name now!" Hugh thought he saw a glimmer through the storm cloud. Jessica was his anchor to windward. What hurt him would hurt her. He would pull through!

"Well," he said, "it's done, and there's no good making such a row about it. She's my wife and she'll stand by me. If nobody else does!"

No one had ever seen such a look on David Stires' face as came to it now—a sudden blaze of fury and righteous wrath that burned it like a brand.

"You impudent blackguard! You drag my name in the gutter and then try to trade on my self respect and Jessica's affection. You thought you would take it up yourself and I would be the wiser! And if I did find it out you counted on my love for the poor, deluded girl you have married to make me condone your criminality, to perjure myself, to admit the signature and shield you from the consequences. You imagine because you are my son that you can do this thing and all still go on as before. Do you suppose I don't consider Jessica? Do you think because you have fooled and cheated her and me and married her that I will give her now to a caught thief, a common jailbird?"

In the thoughts that were darting through Hugh's mind there was none of regret or of pity for Jessica. His fear was the fear of the trapped speller who discerns capture and its consequent penalties in the paroling bullseye flashed upon him. He studied his father with hunted, calculating eyes as the old man turned to Harry Sanderson.

"Sanderson," said David Stires once more in his even, deadly voice, "Jessica is waiting in the room above this. She will not understand the delay. Will you go to her? Make some excuse—any you can think of—till I come!"

Harry nodded and left the room, shutting the door carefully behind him, carrying with him the covering, helpless look with which Hugh saw himself left alone with his implacable judge. What to say to her? How to say it? He mounted the stairs as if a pack swung from his shoulders. He paused a moment at the door, then knocked, turned the knob and entered.

There in the middle of the blue hung room in her wedding dress with her bandaged eyes, and her bridal bouquet on the table, stood Jessica. Twilight was near, but even so all the shutters were drawn as one, through which a last glow of refracted sunlight sifted to fall upon his face. Her hands were clasped over his shoulders. He breathed the full, hurried respiration of expectancy.

Then, while his hand closed the door behind him, a thing unexpected, unexpected, happened—a thing that took him as utterly by surprise as if the solid door had yawned before him. Slim fingers tore away the broad encircling bandage. She started forward. Her arms were flung about his neck.

"Hugh, Hugh!" she cried. "My husband!"

The painless was stricken suddenly from Harry's face. An odd, dazed only a flash of recognition, of self, "wretch," flooded it from cap to crown. Despite himself he had felt his lips nodding to an answering kiss beneath her own. He drew a gasping breath, his hand nervously caught the bandage, replaced it over the eyes and tied it tightly, putting down her protesting hands.

"Oh, Hugh," she pleaded, "not for a moment—not when I am so happy! Your face is what I dreamed it must be! Why did you make me wait so long?"

And I can see, Hugh! I can see! Let it stay off, just for one little moment more!"

He held her hands by force. "Jessica, wait," he said in a broken whisper. "You must not take it off again—not now!"

FOREST FIRES IN IDAHO

National Forest Threatened and Assistance of Troops Called For

Washington, Aug. 12.—Serious forest fires are raging again on the Flat Head Indian reservation in Montana, and the situation of the Coeur d'Alene national forest in Idaho continues extremely critical.

The conditions of the other national forest reserves have materially improved, according to advices received by the fire service.

A telegram received today by Acting Secretary Pierce of the Interior Department from Superintendent Morgan of the Flat Head reservation reported that seven distinct fires were burning beyond control, and has asked that the troops be sent to his aid.

The War Department immediately complied with Mr. Pierce's request for the soldiers.

Associate Forester Potter has an optimistic view of the situation and thinks that with the help of the army the flames should be in check within a few days.

Indianapolis, Aug. 12.—Nearly 1,000 delegates were in Indianapolis today ready for the opening of the special convention of the united mine workers called by President Thomas L. Lewis, to discuss the wage contracts and strike situations in the various districts. President John B. Witter, of the Illinois district, and so-called leader of the anti-Lewis faction, was on hand ready for the opening of the convention.

CHARLTON HEARING LATER

Extradition Proceedings Held Over Till September and

New York, Aug. 12.—A move was made today in behalf of the Italian government in the case of Potter Charlton, who confessed to having murdered his wife at Lake Como, Italy, and is being held in Jersey City awaiting extradition proceedings. The hearing set for today in the Charlton case went over by agreement until September 2nd, but the Italian vice-consul in New York appeared before Supreme Court Justice Blair in Jersey and filed with the justice the dossier in Charlton's case.

Jersey City, Aug. 12.—Supreme Court Justice Swayne today charged the special Hudson county jury on the attempt to assassinate Mayor Gaynor.

He practically told the jury that it would be unwise at this time to take the matter up with the idea of indicting James J. Misfortunes never come singly, and the truth of this old saw has been realized by at least Stanley Black, who was fined one dollar and costs in the police court yesterday afternoon on a charge of keeping a vicious dog. This dog, it found of children—in small pieces—and exhibited his affection by biting the three-year-old son of James Carruthers. While he was in the act of paying the fine the police court clerk, asked Black the number of his dog license, and Black inadvertently made it known that he had none. Much to his surprise and chagrin, he had to pay five dollars for one.

DRIVING CLUB MEETING

At a meeting of the Edmonton Driving Club, held last night in the Yale Hotel, there was a discussion on the arrangements for the race for the "Kenora Cup" donated by James Carruthers for competition among the members of the club. The race will take place during the Edmonton exhibition. It is expected that a large number of entries will be made for the contest. A second prize of a set of harness valued at \$55 and a third, of a collar, valued at \$10, was arranged for. It has not yet been decided on what day the race will take place.

Last year the trophy was won by J. H. Pickering's "Dalton McCarthy" while Tom Hill's "Bobby Switzer" took second place.

The club has been embarrassed by the lack of a track, and for that reason there have been no matinees this year. Next summer, however, an attempt will be made with the exhibition association to secure the track on the fair grounds for weekly meets.

PARIS RADIIUM PORTERS

New Profession Has Sprung up—Not Like Hotel Porters

According to the Paris correspondent of the Daily News, a new profession has been opened up to the women of that city. It is that of "radium porter." A radium porter is a person, usually a woman, who is put in charge of that extremely evanescent and valuable metal, radium, which is of late coming to be so much used in hospitals. It came to the notice of the correspondent of the Daily News that there are already several radium porters in Paris hospitals. One of them the correspondent sought out recently.

"What are the distinguishing characteristics of your work?" she was asked. "Well, it isn't exactly like being a hotel porter," she answered, smiling. "You don't have to have hands like claws and a back like an oak tree. When I worked at my trade the material I had charge of was hardly larger than a grain of rice. You see radium is used a god deal in surgery nowadays. I don't know why and I don't bother myself about it. But it's an extremely valuable substance, anyway. A breath of it, a mere nothing—and there's \$4,000 or \$5,000 gone!"

"In order to carry it about in the hospitals and clinics an extremely careful, honest person is needed. The surgeons themselves have other things to think about. The nurses are too easily distracted. The profession of radium porter has therefore been invented. I am one of the first of them, so far as I know."

"Are there any in America? I'm sure I don't know about that, but I should think there would have to be wherever delicate operations requiring the use of this substance are attempted."

Thrilling Exciting

"Ranson's Folly"

An absorbing Western war picture of the prank of a "devil-may-care" officer, who disguises as "RED RIDER," the outlaw; of the real "Red Rider's" attack on the paymaster's wagon; of its defence and the death of the driver; Ranson's arrest and vindication by the suicide of the outlaw.
